hallo ^{no nothing} issue

Welcome to the NO NOTHING
ISSUE OF SHANK ZINE, (the
fat man attempted for a
glance of his feet.) Welcome
to the smeals. I saw these
kids in sacro skating this
backyard square pool (he
fell forward.) it was a hell
pool, water seeped through
so it was, continually
wet and slippery. there
was much better things
to skate in the area. (he
lay upon the floor and began
to ask himself some
questions.) but those kids
were sessioning in the
heat endlessly. they did
not know any better, i guess.
It didn't really matter
anyways, just skate. well
I knew better, I SKATED
AND HAD FUN. These kids
were not. (the fat man
could not find any
order, just a bunch
of kaos. oh this is probably
just useless. I am now...
